ABOUT THE 11TH EDITION

The 11th Bangladesh Buildcon International Expo 2027 marks a significant milestone, celebrating a decade of excellence in bringing together the building and construction industry under one roof. Over the years, the expo has evolved into one of the most trusted and influential B2B platforms in Bangladesh, connecting global manufacturers, suppliers, and industry professionals.

The 10th edition is set to be the most comprehensive and impactful yet, featuring a wider range of exhibitors, cutting-edge technologies, and innovative solutions across construction materials, machinery, and smart building systems. With increased international participation and expanded country pavilions, the expo will serve as a gateway to emerging opportunities in one of South Asia's fastest-growing construction markets.

Designed to foster meaningful business interactions, this landmark edition will provide an ideal environment for networking, collaboration, and knowledge exchange helping stakeholders explore new partnerships and stay ahead in a competitive industry landscape.

EVENT OVERVIEW

The Bangladesh Buildcon International Expo 2027 is a premier B2B trade exhibition dedicated to the building, construction, and infrastructure sectors. The event brings together key industry players, including manufacturers, distributors, architects, engineers, contractors, and decision-makers from across the globe.

The expo showcases a comprehensive range of products and services, including construction machinery, building materials, electrical systems, interior and exterior solutions, and safety technologies. It serves as a dynamic platform for discovering the latest innovations, sourcing reliable suppliers, and gaining insights into industry trends.

In addition to the exhibition, the event features live product demonstrations, technical seminars, and B2B matchmaking sessions, creating valuable opportunities for business growth and industry advancement. With a strong focus on innovation and sustainability, the expo plays a vital role in supporting the development of Bangladesh's infrastructure sector.

2026 HIGHLIGHTS

1 Event

3+ Country Pavilion

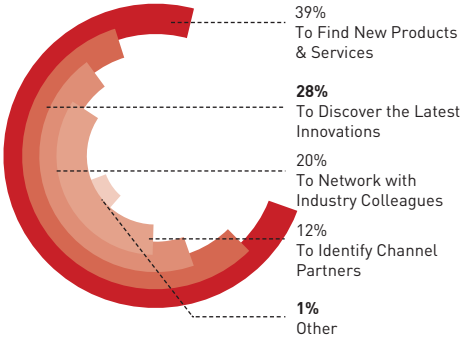

1000+ Brands

350+ Booths

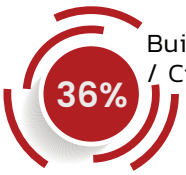

FOCUSED FOOTFALL

of potential buyers across the sector

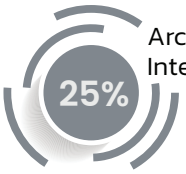

REASONS FOR ATTENDING

NATURE OF BUSINESS

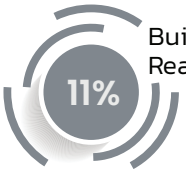

Building Consultants / Civil Engineers

Architects / Interior Designers

Government Departments / Agencies

Builders / Real Estate Developers

Importers / Dealers & Distributors

EXHIBITOR PROFILE

■ CONSTRUCTION MACHINERY AND EQUIPMENT
Equipment for the Production of Building Materials | Construction Equipment | Municipal Vehicles | Crane and Trailers | Rental and Leasing of Construction Machinery | Construction Machinery | Handling Equipment | Elevators | Loaders | Trucks | System Formwork | Building Tools | Welding Equipment | Power Tools | Petrol Tools | Pneumatic and Hydraulic Tools | Heating, Ventilation, Refrigeration | Cold Chain, HVAC etc.

■ CONSTRUCTION MATERIALS
Pre-Fabricated Structures | Hangars | Pavilions | Façade Materials | Translucent Constructions | Building Structures | Building Envelope | Roofing Materials | Attic | Drainage System | Thermal Insulation | Insulation | Mastics | Sealants | Gaskets | Waterproofing | Bases and Foundations | Wall Materials | Fire-Resistant Materials | Finishing Materials

■ CONSTRUCTION
Urban Development | Architecture and Design | Modern technologies of construction | Reconstruction and restoration | Modern design of buildings | Structures and roads | Automation in construction | Modern resource-saving technologies and materials in construction

■ COUNTRY HOUSING LANDSCAPING:
Wooden House | Log buildings | Cottages of logs | Vacation houses from glued profiled beam | Wooden frame houses | Flush Garden houses | Landscape and Design

■ ELECTRICITY AND ELECTRICAL ENGINEERING IN CONSTRUCTION
Electricity - design and construction | Distribution System | Transformer stations | Isolators | High-and low-voltage equipment | Technical means of Energy Conservation | Energy Control Devices | Instrumentation and Automation | Instrumentation Control and Accounting | Energy Saving Equipment | Systems and Equipment Supply | Ventilation & Air Conditioning

■ INTERIOR & EXTERIOR
Interior Design Companies | Exterior Design Companies | Banking Institutions | Roof Manufacturers | Furniture Companies | Insurance Companies | Investment Companies | Government Agencies | Interior Decorators | Architects | Contractors | Environmental Sector | Chamber of Commerce | Glass Companies | Paint & Glass Manufacturers & Suppliers | Wood Pane Manufacturers | Door Manufacturing Companies | Other Service companies

■ SAFETY & SECURITY
Electrical Safety | Emergency alarm & warning systems | Emergency escape smoke hood | Emergency medicine and epidemic prevention | Emergency Rescue Engineering | Emergency Signage & Lighting | EMS Supplies | First Responders Equipment | Airport Security | Alarms, Alarm Receiving Centres | Intruder Alarms | Sensors/Shock Sensors | Sirens and Horns

VISITOR PROFILE

- Civil Engineering & Consulting companies
- Landscaping Companies
- Ready mix & concrete supply companies
- Architects & Builders Trading and distribution
- companies dealing in construction machinery & equipment
- Retailers & Contractors
- Importers and Distributors
- Transport companies
- Renting & leasing companies
- Property Development Companies
- Public administration & building authorities
- Interior Designers
- Sports / Stadium Authorities
- Large Warehouse & Factory Builders
- Aerospace & Space Organizations from Bangladesh

WHY EXHIBIT?

- **Booming Building and Construction Industry:**
  The construction sector contributes over 8% to GDP, with consistent growth over the years. This growth necessitates a steady supply of advanced construction equipment, machinery, and materials.

- **Infrastructure Development Priorities:**
  Bangladesh's building and construction sector is poised for rapid transformation, driven by a combination of government initiatives, private sector involvement, and international collaboration. The country's focus on infrastructure development, sustainable practices, and technological innovation positions it as a rising hub for investment in construction.

- **Rapid Urbanization and Population Growth:**
  With a population exceeding 170 million and a high urbanization rate, the demand for housing and urban infrastructure is rising sharply. The government is pushing for modern urban planning, creating opportunities for advanced construction technologies and materials.

- **Strategic Location and Regional Connectivity:**
  Positioned at the crossroads of South and Southeast Asia, Bangladesh offers access to regional markets and benefits from initiatives like China's Belt and Road Initiative (BRI). By tapping into Bangladesh's growing construction market, international manufacturers can establish a strong foothold in one of the fastest-growing economies in South Asia.

- **High Infrastructure Development Demand:**
  Bangladesh presents a compelling market for international manufacturers in the building and construction materials and equipment sectors due to its robust growth, strategic development initiatives, and emerging needs for residential, commercial, and industrial infrastructure.

- **Rising Demand for Quality and Sustainable Materials:**
  With the modernization of housing and infrastructure, there is a huge requirement for durable, high-quality materials to meet international standards. Advanced technologies in construction are also in demand to improve efficiency and reduce construction timelines.

- **Resilient Infrastructure Needs, Economic Zones, and Industrial Growth:**
  Bangladesh is prone to floods and cyclones, necessitating disaster-resistant building materials and equipment so Durable construction solutions are in high demand for resilient housing and infrastructure. Also, the surge in the development of Special Economic Zones (SEZs) creates opportunities for constructing industrial facilities, warehouses, and support infrastructure.

WHY VISIT?

- Discover the latest construction technologies
- Source reliable suppliers and solutions
- Stay updated with industry trends
- Network with professionals and decision-makers

KEY FEATURES

- International Exhibitors & Country Pavilions
- Live Demonstrations & Product Launches
- B2B Matchmaking Opportunities
- Industry Conferences & Technical Seminars

GLIMPSES FROM THE LAST EDITION

Organised by :

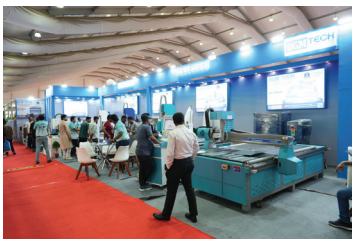

Futurex Trade Fair and Events Pvt. Ltd.

We, Futurex Trade Fair & Events Pvt. Ltd., are a well-known international exhibition and corporate event organiser based in Delhi, with branch offices in Mumbai, Colombo, Kathmandu, and Dhaka. Our portfolio consists of over 220 successful international trade exhibitions and conferences across a diverse range of industries, including Electrical, Power, Lighting, Metal & Mining, Corrugation, Paper, Electric Vehicles, Wood & Woodworking, Furniture, Building & Construction, Infrastructure, Agriculture, Poultry, Plastics, Paper & Printing, Packaging, Textiles, Garments, and Education.

We aim to provide an ideal business platform through exhibitions, seminars, corporate events, and networking gatherings. Our strength lies in understanding the industry's needs and interests and serving them effectively through multidimensional activities, making it a highly viable business platform. With a professional approach and expert manpower, our platforms are recognized as a trusted choice by industry professionals. Futurex Trade Fair & Events Pvt. Ltd. believes in the philosophy of making exhibitions a sustainable and cost-effective mode of business, bringing together the best manufacturers and potential buyers from around the world.

ASK Trade & Exhibitions Pvt Ltd,

ASK Trade & Exhibitions Pvt. Ltd. symbolises the growth and potential of the B2B trade show industry. We create a platform for industry stakeholders to interact and engage, playing a catalytic role in the growth and progress of various sectors by bringing global technology to the doorsteps of local players.
Our core industry expertise spans yarn, fabrics, garment machinery, wood & woodworking, building & construction, electrical products & machinery, printing, and leather & footwear machinery, among others.
